Our quest for perfection has a long tradition. Particularly when it comes to design. Design created at Mercedes-Benz is made to last. Take, for example, the iconic lettering on the rear of the vehicle, which instantly identifies a Mercedes-Benz. Or our coordinating model series key ring in high-quality leather and stainless steel – the ultimate accessory for your car key – which helps identify the confirmed Mercedes-Benz driver.

Attractive gift items with an affectionately retro design. Artist and car fanatic Wolf Gast created a classic Mercedes-Benz motor racing motif exclusively for our Collection – a motif that turns high-quality gift ideas into miniature masterpieces in striking colours. Now every day you can relive the thrill of the 1955 Mille Miglia, when Stirling Moss and his co-driver Denis Jenkinson smashed the record in the 300 SLR – in a time that remains unbeaten to this day.

Filter categories for sunglasses

Four filter categories are used for sunglasses, based on the degree of tint.
Please use the table below to decide which category best suits your needs.

CATEGORY	Tint	Protection/light conditions
1	20–57%	Light protection for overcast days
2	57–82%	Normal protection for summer days in Central Europe
3	80–92%	High protection for expanses of water, beaches and mountains, plus Southern European countries; from 90% tint not suitable for driving!
4	92–97%	Maximum protection for high mountains and glaciers; not suitable for driving!

Clothing sizes

The tables below are designed to help you find your perfect size. It is important to take your measurements correctly. For best results, you should be relaxed and wearing only your underwear. Ideally you should use a tape measure which you should keep close to the body. If you have someone to help you, it will be easier and more precise.

- 1. **BUST/CHEST:** keeping the tape measure horizontal, measure around the fullest part of the bust/chest
- 2. **WAIST:** measure around the waist without drawing the tape measure too tight
- 3. **HIPS:** keeping the tape measure horizontal, measure around the fullest part of the hips
- 4. **HEIGHT** (for children’s clothing): measure from the top of the head to the sole of the feet without shoes

Please note: separate tables are provided for the PUMA brand and the official MERCEDES AMG PETRONAS clothing.
